

VMware SASE Design Review Service

Enabling WAN transformation

At a glance

VMware SASE Design Review offers reviews to the HLD and LLD documents of the customer to ensure the design follows the VMware SASE's best practices for best possible outcomes. The Design Review is generally done before implementation.

Key benefits

- Assurance that deployment follows best practices
- Access to a specialist for review and recommendations
- Potential discovery of hidden issues to prevent outages

About VMware Professional Services

VMware Professional Services transform IT possibilities into business outcomes. Our comprehensive portfolio of services uncovers and exploits the unique opportunities made possible by VMware technology. Drawing on our unparalleled product expertise and customer experience, we collaborate with your team to address the technical, people, process, and financial considerations for IT transformation to deliver results that are positive, tangible, and material to IT and your business. www.vmware.com/services

VMware SASE™ currently manages 10k+ customers and over 350k devices worldwide. The VMware SASE Design Review service provides a comprehensive review of the customer's SASE design to ensure it is following VMware best practices.

VMware SASE Design Review

HLD (High Level Design) and LLD (Low Level Design) documents are provided by the customer. In the event, the customer does not have the necessary documentation, VMware SASE team can provide templates for customer to fill. Design review will be limited to information provided in the documents.

The deliverable of the Design Review documents will be presented via a conference call.

As with all VMware Professional Services, we focus on transferring knowledge so you can operate and improve your SASE environment, reduce costs, and accelerate business breakthroughs on your own.

For VMware SASE Design Review, implementing any changes or investigation beyond devices controlled by VMware is out of scope.

Customer profile

You should consider the VMware SASE Design Review if:

- You have recently made a substantial investment in the SASE platform, or plan to do so and are eager to realize the maximum possible return.
- You want in-house expertise to educate and support your networking team and to help identify opportunities to optimize your SASE investment.
